Applicable discounts will be applied to our prevailing fees for parts and labor for any repairs made to the covered unit. The discount does not apply to the purchase of replacement equipment.

The "covered unit(s)" are the heater(s) and/or air conditioner(s) and accessories that you have specified you want coverage on. Coverage on multiple systems requires that to be noted on this card

Comfort Now is not responsible for unoccupied buildings and it is the owners responsibility to make sure a building is properly monitored in their absence.

No guarantee is made as to the availability of parts.

We may refuse service if conditions present a risk or harm to our personnel and we may terminate this plan if, in our opinion, the equipment is unsafe or presents a risk to people or property.

Most homes have problems.

Comprehensive Heating and Cooling Solutions

You want help **NOW!**

Our lives are so hectic that if something hits us unexpectedly it can impact our plans, our budgets, our safety and the things we care about the most. That's why we offer these **CN Club Essential Plans**.

The CN Club

Comfort, Economical, Faster & More!

Peace-of-Mind, the safety of our loved ones, are two of the basic things most of us care about. Your heating/cooling system along with hot water and your home's environment certainly impact them. Any problems with them, you want taken care of — quickly.

Comfort Now's CN Club offers two options to ensure your systems are running reliably and efficiently while providing peace-of-mind knowing that if you do have a problem, you'll get priority response.

- **CN Club Front of the Line Plan** provides for annual maintenance of your equipment and the most benefits.
- **CN Club Affordable Protection Plan** provides an annual safety inspection and other benefits.

CN Club *Front of the Line Plan*

Want us to be there when you need us and not have to worry about excessive waits? With our **CN Club Front of the Line Plan**, when you have a problem you get **priority same day service** and are ahead of our other clients without *Front of the Line* privileges. Because you are a **CN Club** member, you also get:

- **Annual Tune Ups** (special filters are additional)
- **15% discount on repairs** not covered by a warranty
- **Lifetime warranty** on non-disposable parts that we replace*
- **No price increase** — ever — when you pay monthly!

Manufacturer's today offer warranties of up to 10 years on their components. But most of the time the warranty requires that periodic maintenance be done.

This is the best plan to protect your warranty.

CN Club *Affordable Protection Plan*

Want peace of mind and a faster response at a price that won't break the bank? With our **CN Club Affordable Protection Plan**, we'll do an annual *inspection* of your equipment including a check of the safety devices and test for proper combustion of the heater. If you have a problem you get **priority service** ahead of non Club members, (but behind Front of the Line customers.) Because you are a **CN Club** member, you'll also get:

- **15% discount on repairs** not covered by a warranty
- **Lifetime warranty** on non-disposable parts that we replace*

* Lifetime warranty doesn't apply to parts that are disposable, require regular replacement or need replenishing due to continuing problems like filters, pads, refrigerant, antifreeze etc or parts that fail due to external conditions like flooding, salt air, lightning and power supply. The warranty does not include physical damage caused by animals, people or other outside forces and it does not cover parts of the system in contact with water like circulators, zone valves, flow valves, piping, drains, etc

Have more than 1 system in your home?
Take a \$20 discount (\$2/mo) for multiple combo plans.

Most services are subject to 7% NJ Sales Tax.

Pay monthly for the Front of the Line Plan and never receive a price increase as long as you maintain uninterrupted coverage.

Lifetime warranty on parts requires that a CN Club Plan be in effect on the same component at the time of the failure of the warranted part.
